Cornell Student Council Urges Students, Parents To Go to City Council

Tired of waiting for City Council, the Park and Recreation commission and the Board of Education to do something about an After-School Recreation program, members of the Cornell Student Council last Wednesday morning decided to request immediate action at the Albany City Council meeting scheduled for Monday of this week but postponed to Tuesday because of the Day of Mourning for Eisenhower.

In addition, they directed a letter be prepared to go home with each student, urging all parents and students to attend the City Council meeting.

"While they're dickering, we're suffering," one student council member complained Wednesday.

In the letter, the council reported that Cornell and Marin students have been asking for a recreation program for two years.

"Originally a committee of two City Council members, two Board of Education members and a person from the City Recreation department was organized to plan an After-School Recreation program. They never found time to meet and organize one," the letter states.

"We understand that Mr. Rooney (Park and Recreation Superintendent) is going to present a program to the City Council this Monday night at 8 p.m. This program includes summer vacations and weekends and will cost approximately \$19,000. We would like this program but it is very impractical since last September the Board of Education budgeted only \$5,000 for recreation.

"The Student Councils of Cornell and Marin schools met with and pleaded with Mr. Rooney to offer a program within the \$5,000 budget. He replied that he couldn't do it. Right now we would be content with only one Physical Education Director at each school, keeping the playground open after school. That should have been done last September."

Athlete of Week

ALBANY BOOSTERS CLUB Athlete of the Week for March 17-21 is freshman track star Carlos Lopez. His coach cited Lopez for his excellent attitude and his eagerness to learn. In his first high school competition, Lopez broke the Frosh-Soph record of 10.5 with a 10.2 100 yd. dash. He also won the 220 yard dash and anchored the 440 yard winning relay team. Lopez, at the League relay meet, was a member of the record breaking varsity 440 yard relay team. A very impressive freshman!

Cornell Student Council spokesman was to have been Carlos Lopez, who reported to the group on Wednesday morning that the previous afternoon 176 youngsters had been on the Cornell playground. Mrs. Barbara Jaramillo, school secretary, had come out to get the ball because there was no supervision on the playground.

"That really made us mad," Carlos said.

\$8,000 Burglary At Gersh Photo

Some time between closing Saturday evening and 11:30 Sunday morning, burglars knocked a hole through the back wall of Gersh Photo, 1747 Solano Ave., crawled in and systematically cleared the counters of the most valuable merchandise.

According to Jeff Barnum, employee who discovered the break-in, they avoided all connections to the silent alarm and didn't touch the safe or cash register.

More than 100 items were taken, including the most expensive cameras, tape recorders, binoculars and lenses. "They knew what they were doing," he said. Estimated value of the loss is about \$8,000, Barnum said.

Si Gershenson of Albany, owner of the photo shop, is recuperating from major surgery.

Eldon Wolves Honored by Band

IN A SURPRISE PRESENTATION at the annual AHS band concert last Thursday night, Eldon and Marion Wolf, longtime band supporters, were presented with a plaque, corsage and boutonniere and the entire concert was dedicated to them. Shown, left to right, are Band Director Ernest Douglas, AHS Principal Harry Price (making the plaque presentation remarks), Jayne Faria, Band President Brian Hellwig and the Wolves.

It's Beautification Time!

Albany Beautification, Improvement Committee Reports, Tells of Goals

The Beautification and Improvement Committee was organized by the Albany City Council as a citizens' advisory committee, its purpose being to counsel the City on ways and means of beautifying and improving the city's total environment.

At its organizational meeting Jan. 5, 1967, the Committee adopted its by-laws. This was followed by election of officers: Jack Mahshi, chairman; Mrs. Shirley Parr, vice chairman; and Mrs. Max Klemm, secretary.

The general committee then set up a program of priorities to help it achieve its goals.

Goals

First on the list was the development and beautification of Solano Avenue (which project was originally initiated by the Albany Chamber of Commerce, under the leadership of Chamber Director William Garren). The efforts of the Solano Avenue committee have successfully culminated in the retention by the City of Architect Leo Daley. At present, the architect is preparing studies and possible solutions for the beautification of Solano Avenue and parts of San Pablo Avenue (where the two streets intersect).

Upgrading and rehabilitation of the City's parks and recreation areas was given second priority. The Parks and Recreation sub-committee, chaired by Mrs. Judith Cabral, reported that the existing city parks are worn out,

overgrown, and outmoded; that they must be made to conform to the needs of our changing population and up-dated with contemporary equipment and facilities, new shelters, and improved species of trees and other plants.

The sub-committee further stated that, in view of the scarcity of open land within the city, and because of the high cost of acquiring such land, the existing parks should be redeveloped to provide the maximum benefits to the people of Albany.

Beautification Award of Excellence

An Award of Excellence will be given by the Albany Beautification and Improvement Committee to Dr. Robert McMahon and Richard Wauters, landscape designer, for the "beautiful and colorful plantings in the picturesque stone planters on the block of Solano Avenue between Stannage and Cornell."

Other such awards will be given to individuals who do an outstanding job of "brightening the corner where they are" in Albany.

Areas of beauty in the city add much to the joy of living here, the committee stressed.

Note of Thanks

We wish to express our thanks and appreciation to Mrs. Frances Tilbury, John Sawers and Dr. Robert McMahon, Harold Van Coops and the staffs of Vista school and the Albany Health department in locating the dog that snapped at our son.

We were confident that it was a friendly "local resident," but we appreciated the fact that nothing was done carelessly or left to chance.

It is always amazing and inspiring to see what a marvelous job the school personnel does with limited facilities and so many children.

Recommendations for After School Recreation Proposed to City Council

Albany City Council was meeting in postponed session last night as the Times presses were rolling.

According to the agenda, E. J. Rooney, superintendent of the Park and Recreation department, and William W. Culey, chairman of the P&R Commission, submitted recommendations for the proposed After School Recreation program, which has long been under discussion.

A copy of their recommendation for a total of \$14,000, reduced from \$23,000, for the program was also forwarded to the Board of Education, which last year appropriated \$5,000 for use in the current school year.

Also included was the recommendation for an interim program that could begin April 7

and continue to the end of the school term at a total cost of \$4,030. Any action must be approved by both City Council and School Board. The larger amount was recommended for consideration at their individual budget sessions.

Two communications from William Lancot, president of the Civil Service club, requested clarification of the positions of Inspectors I and I and Policewoman I and II, and advised of the club's preference for the CHP Pension Plan.

Administrative Officer James B. Turner recommended proceeding with an application to HUD for 1969-70, consistent with the five year Beautification program.

Clay Berling, acting chairman of the School Citizens' Advisory committee, advised Council of a work session at 7:30 p.m. Wednesday, April 9.

School Superintendent Kenneth M. Forry requested the mayor to proclaim April 21-25 as Public Schools Week.

Three communications concerned variances. William A. Johnson, chairman of the Planning and Zoning commission, recommended granting a variance to Mr. and Mrs. Robert Fisher to convert a garage to living quarters at 500 Pomona, and recommended denial of a variance to J. R. Hattam to construct a two-unit townhouse at 532-34 Madison. A letter from J. M. Hogg of 537 Madison questioned certain plans involving the Madison construction.

Judith Cabral, secretary of the Traffic and Safety commission, advised that surveys are being conducted on Buchanan Street traffic flow in the area of the USDA Lab exit and on remaining yield signs in Albany.

Resolutions to have been voted upon accepted the proposal for Phases I and II of the Fire and Police Emergency Alarm system; confirmed the appointment of Ray Young to the Beautification and Improvement committee; commended A. A. Radder on his retirement after 14 years on the Albany Police Reserve; rescinded resolution 69-20 and amended resolution 69-21, concerning the chief inspector's job with Albany Police department, and amended resolution 69-14 by changing the designation of Sarah Brockway, who last week was placed on the City Clerk's staff.

Albany Snorkel Called, But Doesn't Snork

Albany Fire Department's new piece of equipment, the snorkel truck, was called to the \$30,000 fire at Thomas Jefferson school in Kensington Monday afternoon, but its services were not required and it remained parked on the Arlington.

According to Kensington Police Chief George Yool, "It was called, but it didn't get a chance to snork." The snorkel truck has yet to be used at its first fire. It has been used in other ways, however.

The fire, he said, was accidentally caused by boys playing in the school yard. They found some matches and some cardboard boxes and lit the boxes. They tried to stamp out the flames and then ran away. Next thing they knew, the fire trucks were there. One two-room building and part of another were destroyed. The World War II buildings had been moved to the site years ago to be used as temporary school rooms.

Black smoke from the fire was visible for miles.

Ralph W. Cessna Speaks April 4

SECURITY SAVINGS

took the lead in bringing you 5% interest on your money from date of deposit to date of withdrawal...

NOW let's talk about 5.38% and 5.64%

To bring you up to date, Security now pays 5% interest, compounded daily, on your money every day from the date of deposit to the date of withdrawal. Even if its only with us for a day, a week or a month.

On an annual basis, that earns you 5.13%.

Now, about that 5.38%...

If you feel you can keep all or part of your savings dollars with us for three years, and allow the interest to accumulate, we can provide you yearly bonus interest of .25% on your savings in a certificate account. So... add .25 to 5.13 and presto... 5.38%!

But here's still another interesting thought... when the 5.38% is compounded daily over the full three-year period, your effective annual rate of return is actually 5.64%!

And even if something occurs that means you have to withdraw money from your account, it still will have earned that good, solid 5% — compounded every day that it's been with us.

Really, now... how can you lose? You get 5% interest daily no matter what, and may earn as much as 5.64%!

Think about it.

If you have your money anywhere else, it may be costing you money to leave it there. If your money is in the bank, a checking account earns you nothing. Savings accounts at the bank earn from 1% to 1 1/4% less than at Security. Stocks and mutual funds may or may not be appreciating for you. And money in cookie jars and piggy banks accumulates only dust.

Bring in your cash, checks, money orders or passbooks. Security will open an account for you or transfer your present account to us... free of charge, or in the case of transfers, with no loss of interest. Even if you're simply between investments, your money is making money as many days as it is with Security.

Risk? None. All deposits are insured by an agency of the federal government to \$15,000. Services? You bet. We aren't kidding when we say we want your money. We'll work for it — just like you did. And we'll make it work for you — every day.

See, write or phone one of our nine Bay Area branch managers.

All branches are open 9 a.m. to 4 p.m. Monday through Thursday, and 9 to 6 on Fridays.

Open house at all branches April 1-10. Please be our guest.

Street Trees
As a result of the Beautification Committee's efforts, the Parks and Recreation Department submitted a Master Street Tree Plan to the City Council for adoption. Upon receiving Council approval of the Plan, the Parks and Recreation Department began planting trees on its first pilot street project (600 block of Spokane Avenue). The project is being aided by a donation from the Albany Lions club.

In addition to the above listed priorities, other areas being studied by the Beautification and Improvement Committee are: a) the development and beautification of the City's waterfront; b) the Albany Hill development; c) the upgrading of residential and commercial areas, and the general improvement in the appearance of several miscellaneous parcels of city property; and d) the beautification and improvement of Masonic Avenue.

The lighting of San Pablo Avenue was Albany's first major co-operative beautification project—sponsored by the Chamber of Commerce and paid for with public and private assessment monies.

During the past two years, the Beautification and Improvement Committee has become more aware of the need for added citizen support and participation in bringing about the desired im-

JEROME BLANK
REALTY

Letter From A Client

"Dear Mr. Blank: We wish to take this opportunity to express our satisfaction upon the completion of the disposal of our property at 731 Jackson St. We feel fortunate in having selected your office to handle this matter and will recommend you to our friends. Most especially do we wish to commend your salesman, Mr. Gil Freels. We were impressed by his knowledge of real estate practices and procedures. We appreciated his courtesy, thoughtfulness, and sound judgement. His suggestions were invaluable to us. Through his initiative and good sense of values we were able to gain a smooth, trouble-free transition from home-ownership to apartment living. Mr. Freels exhibited an example of high moral and ethical business-manship throughout this transfer of property. We wish to make this statement of appreciation through you and to him. Sincerely yours, Lois D. Jahr."

The above unsolicited letter, re-printed with permission of the writer, is so well expressed, that there is nothing more we can add, except to say thanks.

High Top The Hill

In this brand new contemporary executive home, the architect's skill is evident in giving a feeling of spaciousness and livability. There's 4 bedrooms, 2 1/2 baths, a 30 foot living room, and a formal dining room, plus family room. With built-in appliances, including dishwasher, the kitchen is a housewife's dream. View deck, Mediterranean balcony, large expansion area below. 2700 square feet of prime living. See this by appointment. Use our home trade-in plan.

Just Off Marin

A large Normandie style 3 bedroom stucco, lots of charm, but needs painting and some handiwork. Ideal home for large family, priced at only \$19,000. Evenings, Mr. Williams, 526-3819.

Compact and New

This is one of the neatest plans we've seen, featuring master bedroom suite on main floor, intimate living room with fireplace, grand kitchen and family room combination plus view deck, and another bathroom and 2 bedrooms on lower floor with separate entrance. A \$32,500 value. Trade your small home.

Very Intresting!

You'll be intrigued by the charm of these older units, fully furnished, yet modernized with new kitchens and bathrooms. There are 3 apartments, 100% leased, on large valuable lot on Adams St. in heart of Albany. Priced at only \$82,500, this shows marvelous return on investment with moderate down payment.

Take five at Bank of America

And take your choice

There's reason to feel secure when your well-saved money is steadily earning 5% interest in the plan that suits you best. At Bank of America you can choose from several basic savings plans, any one of which may be just right for you. Take a look at these:

5% Investors Passbook Account

\$500 will get this one started, and additional deposits can be made in amounts of \$100 or more. Your 5% interest is compounded quarterly. You can make a withdrawal quarterly, too. Or leave your funds where they are to accumulate.

5% Time Certificate of Deposit

Bank of America Time Certificates also earn 5% annual interest. These certificates are issued for \$1000 or more. They mature every 6 months. The 5% interest can be credited automatically to your savings account. Then your total annual rate of return can exceed 5%.

5% Five Year Guaranteed Certificate of Deposit
This is the long term interest guarantee plan.

Certificates are issued for a minimum of \$1000. Five year guaranteed interest at 5% per year paid or credited quarterly. You may withdraw the full amount at the end of any quarter without loss of interest to that date.

Regular 4% Savings Account

This is still the favorite plan of many because it's convenient, flexible, and at 4% it delivers the maximum interest allowed by law for this type of savings plan. You are free to put money in—any amount. And take it out—all or any part of it—at any time. Deposits made by the tenth of each quarter earn interest from the first of that month.

These are just four of our Personal Choice Savings plans to help your money grow with absolute certainty, and with full interest all the way. So why don't you stop by your local Bank of America branch and take your choice.

Advisory Committee Being Organized for Schools

The Board of Education appointed a Citizens Advisory Committee and designated Clay Berling as acting chairman. The action was taken at an adjourned meeting of the Board held in the Cornell school cafeteria on March 25.

In appointing the Advisory Committee, Board President Charles A. Pinkham pointed out that during the past four months the Board has been studying matters of interest and concern, problems and needs of the school district as it seeks to maintain and improve the quality of the educational program for the children and youth of the district.

Because parents of Albany school children have always demonstrated their interest in the educational program and because there may be financial implications, it became increasingly apparent that people in the community need to be aware of and participate in a study of the school needs.

Invitations had been mailed to 42 people in the community, who having attended previous Board meetings had indicated their interest and willingness to serve on an advisory committee. Those present at the meeting of March 25 were designated as the Advisory Committee with other interested citizens to be added.

In the action formally appointing the Advisory Committee, the charge was made to the committee that a careful study of the schools and curriculum needs be made, that a report and recommendations be submitted to the Board of Education not later than Nov. 18, at which time the committee would be discharged.

In other action the Board authorized the appointment of Dr. Mary DuFort, currently on leave of absence from the office of the County Superintendent of Schools and a member of the State Curriculum Commission, to serve as a resource person and coordinator of the Advisory Committee, and further authorized appropriate clerical expense.

Others in the community desirous of serving on an Advisory Committee should make their in-

terest known through the Administration office, any of the Albany schools, PTA presidents or the Albany Times.

Following the adjournment of the Board meeting, Clay Berling convened the first meeting of the Advisory Committee, at which time Mrs. Peter Taussig was appointed secretary.

ALBANY ADULT SCHOOL OPENS SPRING QUARTER

The 10-week spring quarter of education program in Albany is the Albany Adult school gets underway Monday and will continue through June 13. The adult education program is designed to meet the personal needs of the individual and to help him function more effectively in society.

A wide assortment of day and evening classes are offered ranging from learning simple means of communication to studying complicated problems of human and international relations. Academic subjects include literature, mathematics, biology, civics and foreign languages. A wide selection of business, homemaking, physical conditioning and art classes have also been scheduled. Adults with specialized interests might prefer enrolling in such courses as high speed reading, graphic arts, data processing, woodshop, investments, mosaics, real estate or interior decorating.

Students who have not yet completed their secondary education should note that the Adult school conducts a program leading towards acquisition of a high school diploma. Counseling is available, and part of this service is to locate previous school records, evaluate work experience, and recommend a course of study that would fulfill graduation requirements. Many students are surprised to find that through work experience, military duty, and job training, only a few courses are needed for a diploma.

Most classes will meet on the campus of Albany High school, 603 Key Route Boulevard. A single tuition fee of \$2.50 covers the registration for one or more courses. Those wishing further information should call 526-6441. Winter quarter class schedules and course summaries are available upon request.

SENIOR CITIZENS

846 Masonic Ave.

by Minnie Lagraham

The Center will be closed on Easter Sunday, April 6, and our Easter luncheon on Tuesday, April 1, will have become a "happening" by then. The handsome tenor, who devoted his entire repertoire to our enjoyment, was the star of the day, without question, although the music could scarcely be heard at times over the

thumping of female hearts, as he went from one favorite to another. The hat parade, of course, was a comic relief, and the reporter from Women's Wear Daily need have no fear of our cornering the market.

The birthday party meeting, for honorees of February and March birth, was another happy event. Our hostesses outdo themselves in decorations, and the meeting was highlighted by a delightful solo by our own Vera Perry, who doesn't do this often enough.

With the weather man in our corner we had our first spring trip on Wednesday, March 26, to the Mirasol Winery in Santa Clara county. Past miles of flowering fruit trees, it was a treat after the weeks of rain. It was interesting to see this wonderful organization of five generations, all working and living on the grounds.

The focal point, of course, was the tasting room, and it was a restful pause after the inspection trip through the winery, to stand in this cool room, and to sip the wines they are now bottling for the public market, instead of selling to other wineries to improve the stock.

The faint bouquet emanating from the huge oaken casks, reminded us of the tender care these grape cuttings received, when brought from the Old World, and how lovingly they were tended until their roots took hold in our golden California soil. The family garden is a spot of beauty, with many exotically flowering plants of such exquisite shades one wanders if they are not nourished by the aromatic wines of the family plant.

Our luncheon in San Jose was followed by a visit to the Eusebio Egyptian museum, in the cool seclusion of which time stands still, and one can meditate on man's inhumanity to man.

The April trip to a man-made town of artists and fascinating shops of all kinds is pretty well lined up. Luncheon will be in one of the four European style cafes after a ride through the splendid Santa Cruz Mountains. Informality is the key to the enjoyment of this secluded paradise for the residents of this unique colony and we anticipate much pleasure from our visit there.

The progressive pinocle party began Sunday, March 30.

The unbelievably beautiful floral art made in the craft class rivals Nature's own, and looks like bits of the rainbow have found a resting place here. Call 526-1601 for details, and be surprised at your own ingenuity. Non-members are welcome and the coffee break is a happy time.

'Romeo and Juliet' Opens Here Today

Romeo and Juliet

Franco Zeffirelli's production of "Romeo and Juliet" opens tonight at the Albany Cinema. In the movie, the star-crossed lovers are married in a beautiful Renaissance church set amid the rolling hills and farms of Tuscany.

Director Zeffirelli first saw the church of San Pietro in the town of Tuscania, near Viterbo, when, as a student of architecture at the University of Florence, he bicycled there to study it.

His new film version of the Shakespeare tragedy has decor and costumes of the mid-15th Century Renaissance period. Before the High Altar of San Pietro, Friar Laurence played by Milo O'Shea, unites Romeo, portrayed by 17-year-old Leonard Whiting and Juliet, played by 15-year-old Olivia Hussey.

Now an Italian Government museum, San Pietro on its commanding hillside sits outside the walls of the old town of Tuscania in a serene setting, place for the student of religion and of ancient

Apodaca-Leimone Rites

Mr. and Mrs. David Leimone
(Dolly Apodaca)

—Richard Edwards

Formal rites at Northbrae Community church Sunday, Mar. 23, united in marriage Dolly Apodaca, daughter of Mr. and Mrs. Ernest Apodaca of 614 Curtis, and David Leimone, son of Angelo Leimone of 1209 Portland.

Given in marriage by her father, the bride wore a floor-length gown of peau de soie and charmingly lace with A-line skirt and flowing bouffant chapel train attached to a high-rising bodice. Her shoulder length veil of illu-

sion was attached to a petal headpiece of lace and English seed pearls. She carried a formal English bridal cascade of white roses, orchid and ivy and camellia leaves.

Mrs. Perry Thomas, the bride's sister, was matron of honor wearing a floor length chiffon gown in shades of green and carrying a cascade of yellow roses, camellia leaves and carnations.

Other bridal attendants were Miss Janet Regan, Mrs. Ernie Sangmaster, Mrs. Eddie Williams and Miss Linda Armijo. They were dressed to match the matron of honor.

Paul Leimone, brother of the bridegroom, was best man. Ushers were Jim Sturgeon, Frank Tallero, Perry Thomas and Ernie Sangmaster.

Three hundred guests attended the reception at the Helmet Club. The bride's mother received guests wearing an aqua silk gown.

Following a wedding trip, the couple will be at home in Berkeley.

The bride, a graduate of Albany High school, is employed by Wells Fargo Bank.

The bridegroom, also an Albany High school graduate, attended Merritt Junior college, is a member of the National Guard
